IV. Function and Operation

V. Battery and Charger Operating Guide

1. The charging socket is located at the right side of the motorcycle.
2. The battery and charger which are provided or recommended can be used only.
3. Do not play with the charger and battery. They are not toys.
4. Battery charging must be carried out by adults only.
5. The battery shall be fully charged before first use. Charging will take between 9-10 hours.
6. Your battery will become warm whilst charging – this is normal.

VI. WARNING

1. Battery warning:

- 1) When storing the car for long periods, charge the battery until its complete, then turn off the power switch. The battery should be recharged once every two months, or it may shorten the life span and effectiveness when used.
- 2) When installing the battery, it is important that the positive and negative poles are correctly connected. Short circuiting of positive and negative poles may result in damaging the toy.

2. Product warning:

- 1) There might be sharp edges and points or small parts during assembly - this product must be assembled by an adult.
- 2) To avoid suffocation, keep any plastic bags away from children. Dispose of all bags immediately.
- 3) Children must use this car under adult guidance and supervision.
- 4) The car is suitable for use on flat ground and is prohibited being driven in dangerous places such as public roads, slopes and near swimming pools and water.
- 5) Ensure children are wearing shoes and protection equipment such as a helmet, gloves and knee pads, before use.
- 6) Regularly check whether the battery, charger, wire, plug, casing and other parts are not damaged: if any parts are found to be damaged, stop using this car immediately, until it is repaired.
- 7) This product is for use by children only, with a maximum load of 25kg. Keep away from fire.

The product instructions shall be kept as they contain important information.

3.WARNING

- Adult supervision required to reduce the risk of injury;
- Strictly forbidden to use on roadways, near motor vehicles, slopes or swimming pools and areas where there is water;
- Please wear shoes when operating vehicle;
- Can only be used by one person at a time;
- Keep away from children before assembled as there may be sharp edges points or small parts.
- Adult assembly required.

Do not mix together alkaline, carbon-zinc or rechargeable (nickel-cadmium) batteries.

VII . Care and Maintenance

- 1) Regularly wipe clean with cloth.
- 2) The rotating parts of the car should be checked regularly to check for any obstructions. This bike should be lubricated regularly to keep it working correctly.
