Max weight: 300 kg

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY

ASSEMBLY INSTRUCTIONS

SAFETY INFORMATION

IMPORTANT – Please read fully before assembly or use.

This exercise equipment is built for optimum safety. However, certain precautions apply whenever you operate a piece of exercise equipment. Be sure to read the entire manual before you assemble, operate, or use this equipment, note the following safety precautions.

Warning for assembly

- Ensure you have all the parts and tools listed.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work areas, small parts can cause a choking hazard if swallowed.
- Ensure you have enough space to layout the parts before starting.

The assembly of this equipment is best carried out by 2 persons.

- Assemble the item as close to its final position (in the same room) as possible.
- The free-standing equipment shall be installed on a stable and level base.
- Dispose of all packaging carefully and responsibly.

Warning for using

- This exercise equipment is made for training in private environment. Only use the equipment for its intended use.
- **DO NOT** make any changes to the equipment which can affect the security of the product.
- **Warning! Pregnant or physically injured persons should never use the weight station without prior consultation with a doctor you trust.**
- Be aware of your body's signals. Incorrect or excessive exercise can damage your health.
- **STOP** exercising if you experience any pain, tightness in your chest, irregular heartbeat, extreme shortness of breath, lightheadedness, dizziness, or nausea. If you do experience any of these conditions you should **CONSULT YOUR DOCTOR IMMEDIATELY** before continuing with your exercise program.
- Always adapt your training style to your personal fitness level and health.
- Before every training session, ensure you check the equipment for operation and safety.
- Before using, ensure the item is installed correctly and that all safety devices are functional! Damages or alterations to the product resulting from modification, will invalidate your warranty. For problems resulting from the modification or other restrictions, the seller is not responsible.

- Any damage must be reported to the seller immediately after delivery, and before use or installation. Later complaints will not be considered.
- Use only suitable tools for assembly.
- The installation must ONLY be carried out by adults. Children should not be present in the immediate environment where the assembly is taking place.
- Make sure all connections are securely mounted before releasing the product for use.
- Check all connections at regular intervals for damage, loose elements and other factors that can lead to a loss of sufficient security.
- Do not leave children unattended on the weight bench! It is not a toy! Instruct them not to play with or climb on the appliance.
- In case of a fault during day-to-day use, or during maintenance, lock the equipment to prevent any risk of injury.
- Children or persons with limited physical or mental abilities, or those not familiar with this device, should not be allowed to use this weight bench!
- Please keep in mind that this manual and the safety can only draw your attention to eventual hazard. Logical conclusions and care should always be practiced when handling this device.
- Before using the equipment to exercise, always warm up with stretching exercises.
- Before using the equipment, check the nuts and bolts are securely tightened.
- Use the equipment on a solid, flat surface with a protective cover for your floor or carpet.
- The safety level of the equipment can only be maintained if it is regularly examined for damage and/or wear and tear. If you find any defective components whilst assembling or checking the equipment, or if you hear any unusual sounds, from the equipment during use, STOP! Do not use the equipment until the problem has been rectified.
- Wear suitable clothing whilst using the equipment. Avoid wearing loose clothing which may get caught in the equipment or that may restrict or prevent movement.
- Before starting any exercise or conditioning program you should consult with your personal physician to see if you require a complete physical exam. This is especially important if you are over the age of 35, have never exercised before, are pregnant, or suffer from any illness.

CLEANING AND MAINTENANCE

1. Regularly examine the equipment to detect any damage to wear which may have occurred.

The safety level of the equipment can be maintained only if it is examined regularly for damage and wear and tear on ropes, pulleys, and connection points.

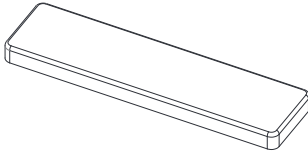

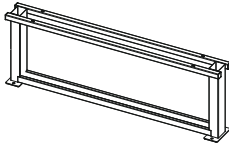

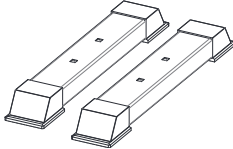

2. Lubricate moving parts with light oil periodically to prevent premature wear.

3. Inspect and tighten all parts before using the equipment. Replace defective components immediately and/or keep the equipment out of use until repair. Pay particular attention to components most susceptible to wear.

4. The equipment can be cleaned using a soft, damp cloth. Do not use solvents or abrasive cleaners.

Parts List

Please check all accessories carefully

Sequence number	Name	Schematic	Quantity
A	Seat pad		1
B	Flat bench support		1
C	Foot tube		2

Screw Package List

Sequence Number	Name	Specification	Units	Quantity
1	Carriage screw	M10*65	pcs	4
2	Inner hexagon screw	M6*37	pcs	4
3	Lock nut	M10	pcs	4
4	Washers	Ø10.5*Ø20*1.5	pcs	4
5	Open wrench	Opposite side 17	pcs	1
6	L-wrench	Opposite side 5mm	pcs	1

Installation Steps

Step 1:

- Remove all parts from the box, take out the plastic bag and place them on a clean and flat surface.
- Put the seat pad in place as shown in the picture.
- Take out the long horizontal tube surface of the flat bench support and place it on the seat pad.
- Make sure the four mounting holes on the bench support align with the fixing holes on the seat pad.
- Take out four M6*37 hexagon screws and the L-wrench tool from the screw package.
- Use the L-wrench tool to tighten the screws.

Step 2:

- Take out the foot tube.
- Place the foot tube on the bottom plate of the flat bench support, following the picture.
- Align the two mounting holes.
- Take out four M10*65 screws and the L-wrench from the screw package.
- Use the L-wrench to tighten the screws.

Step 3:

- Take out four M10 lock nuts and washers.
- Place the washers onto the nuts.
- Tighten the nuts with a wrench.

**Step 4:**

- Flip the installed flat bench over, placing it on a flat ground.
- It is now ready for use.
